PHRX 3021 Community Practice Assignment
Introductory Pharmacy Practice Experience (IPPE)
Reflection Paper and Adherence Project

Name: _____________________________

Name and location of your community practice site: __________________________

The Reflection Paper and Adherence Project should be submitted via the assignment tool on HuskyCT during the spring 2009 semester under course PHRX 3021 (IPPE II). Your reflection paper should consist of 500-600 words with proper grammar and spelling. Each paper will represent 20% of your final grade for PHRX 3021. Please provide your honest and thoughtful responses to the following questions.

A. Reflection paper – due upon completion of your 100 hrs at your assigned community practice site:

1. What were your expectations from this assignment?
2. Did this experience change your perception of our healthcare system?
3. How did you feel after completing this experience? (Did you feel that you were helpful to the pharmacy department? patients? etc.)
4. Did this experience change your perception of community pharmacy/pharmacists?
5. What did you learn from this experience?
6. How do you feel this experience could enhance your skills as a pharmacist? As a citizen?
7. What do you feel could be done by pharmacists to be more helpful to their communities? How do you think this could be accomplished?
8. Overall, how would you rate your IPPE community experience? (Excellent, Good, Average, or Poor)

B. Adherence Paper:

9. List 5 potential causes of non-adherence that you witnessed during your site visits.
10. In 3 sentences or less, describe the cause of non-adherence and how or if it was addressed.
11. In 5 sentences or less, describe a patient situation in which you assisted the pharmacist and/or patient in addressing a non-adherence issue.
